

BULLFROG BRANCH BUILT BY JULY 1

J. Ross Clark of Salt Lake Route Returns to Los Angeles from Inspection.

BUT 45 MILES TO COVER

FREIGHT STATION WILL BE ESTABLISHED AT JOHNNY.

J. Ross Clark, vice president of the Salt Lake Route, has returned to Los Angeles from Nevada, where he has been inspecting work on the Bullfrog branch. He went to Las Vegas and thence to the end of the branch, about sixty-five miles out of Las Vegas, according to advices from Los Angeles. Mr. Clark says track laying has been resumed and will be done at the rate of one mile per day. This will take the road into Johnny Siding by May 15. This will be used as a freight depot for the Bullfrog district while the road is in course of construction. Arrangements will be made to load ore at this siding and unload freight consigned for the various camps in the Bullfrog territory. The distance between Bullfrog and Johnny Siding is about forty-five miles. The company expects to have its tracks into Bullfrog by July 1.

WORK COMMENCES SOON.

Preparations Made to Start Grading on Searchlight Road.

Work will be commenced on the new road to Searchlight from Barnwell within a few days, a contract calling for the completion of the grade within ninety days has been let to the Grand Grading company. This company has just completed the Wickburg cut-off on the main line of the Santa Fe in Arizona. Work will be started at Barnwell, Cal., where material and men have been assembled during the past several weeks. Cars loaded with scrapers, plows, tools and other railroad building material are waiting to be unloaded in the Barnwell yards. One hundred head of stock were expected to reach that point May 6. Hundreds of laborers in charge of competent engineers and railroad foremen are in readiness to begin grading. Grading stakes have been set in along the surveyed line for a distance of five miles out of Barnwell as rapidly as the grade is completed actual track laying and construction will be done. Under present plans the road will have reached Searchlight by Sept. 1.

Found Out

Trained Nurse

VS.

Coffee

No one is in better position to know the value of food and drink than a trained nurse.

Speaking of coffee a nurse of Wilkes-Barre, Pa., writes: "I used to drink strong coffee myself and suffered greatly from headaches and indigestion. While on a visit to my brother's I had a good chance to try Postum Food Coffee, for they drank it altogether in place of ordinary coffee. In two weeks, after using Postum, I found I was much benefited and finally my headaches disappeared and also the indigestion."

"Naturally I have since used Postum among my patients, and have noticed a marked benefit, where coffee has been left off and Postum used."

"I observe a curious fact about Postum used among mothers. It greatly helps the flow of milk in cases where coffee is inclined to dry it up, and where tea causes nervousness."

"I find trouble in getting servants to make Postum properly. They most always serve it before it has been boiled long enough. It should be boiled 15 or 20 minutes and served with cream, when it is certainly a delicious beverage."

"There's a reason" for Postum.

MARKET SHOWS LARGE OFFERINGS

Cherries, Dewberries, Tomatoes and Summer Squash Are Quoted on Lists.

RETAIL PRICES ARE HIGH

FISH MARKET IS WELL SUPPLIED WITH VARIED STOCK.

New offerings on the local market in the way of delicacies were numerous yesterday, but the prices made them seem large and cheap. Large quantities of cherries, dewberries, tomatoes and summer squash were also to be had. They sold for 25 cents per box. Strawberries dropped to 15 cents a box, for two boxes for 25 cents yesterday. The California crop is now ripening fast, and in the course of a few days the price will probably be still lower. Texas tomatoes were received on the market, and the retailers attached the price of 30 cents per pound. The stock was shipped in small consignments by express, but the wholesale houses expect to receive a large shipment the latter part of the week. Summer squash from Texas was also received yesterday by the commission houses. The retail price was held at 12 1/2 cents each. Green peas were marked down to 10 cents per pound and are now more plentiful. Oranges are still scarce, and the wholesale prices are stiffening. The quotations yesterday were \$3.50 and \$4 per case. The retail prices are from 25 to 40 cents per dozen. A large supply of lemons was received yesterday, and also a shipment of pineapples. The dealers look for a shipment of green stuff from California this week. Radishes are more plentiful, and the dealers sold them yesterday three bunches for 10 cents.

The fish market was well supplied yesterday, but few changes were made in the quotations. Columbia river salmon was in stock, and it is possible that a reduction in the retail price will be made. Eggs are still to be had, but California lobsters are out. Chickens are in good demand, and the dealers can dispose of all that are marketed. Utah eggs are plentiful, and a change will be made in a few days in the retail price. Creamery butter holds firm at 30 cents per pound, and ranch butter is selling at 20 and 25 cents a pound.

Piles.

Don't Suffer Longer, You Can Have Instant Relief and a Lasting Cure by Using Pyramid Pile Cure.

A Trial Package Mailed Free to All.

The rectum, like the mouth, is lined with that soft, satiny material known as mucous membrane. Piles is a disease of that membrane and the blood vessels that lie under it.

Fissure and fistula affect the same membrane and belong to the same family. Pyramid Pile Cure slipped into the bowel, melt and absorb themselves over the diseased and painful surface and act just as a salve would if the trouble was on the outside of the body and could be easily seen and gotten at.

The immediate relief they give even in the most agonizing cases will startle you, as it has already started many thousands of "doubting Thomases" before you who have tried everything and sent for the sample package, firmly convinced that they would again be disappointed.

But they weren't. Pyramid Pile Cure don't disappoint. They cure. They are for sale at all drugists at 50 cents a box and are worth an even hundred to the person who needs them.

Mr. John Byrne of 2206 2nd Ave., New York City, writing under date of Jan. 17th, 1906, says: "I received the sample and used it. It right away. I got so much relief from it, after 30 years' suffering that I bought a 50-cent box. The almost unbearable pain is almost gone and my fistula has almost disappeared. I have given up all hope of ever being cured. I assure you, gentlemen, I will use every effort to make any of my friends try them, as I can guarantee they are a sure cure."

Or if you want to prove this matter at our expense, before purchasing, send your name and address to the PYRAMID DRUG CO., 570 Pyramid Building, Marshall, Mich., and receive a trial package free by return mail.

TEN YEARS FOR "WILLIE"

Judge Armstrong Gives Negro Burglar a Heavy Punishment.

"Willie" Ross, a brutal and degenerate-looking negro, pleaded guilty to burglary in the first degree before Judge Armstrong yesterday, and was sentenced to serve ten years in the penitentiary. Ross burglarized the Doull drug store on the night of Dec. 9 last. While working on the city chain gang he was shot by an officer for trying to escape. After his removal to the county jail he tried to say his way out, and was caught in the nick of time by Sheriff C. Frank Emery. It is known that Ross committed three other burglaries the night of the Doull burglary.

Court Notes.

Judge Morse is hearing the case of the Anderson Real Estate Investment company vs. W. B. Sick and wife to recover \$1,423.35 for alleged violation of a real estate and building contract.

Judge Armstrong and a jury are engaged in the trial of David Edwards, a young man who is accused of holding up and robbing Frank Davis on First West between South and North Temple streets, Dec. 9 last.

Annie S. Sterling yesterday brought suit against James D. Sterling for divorce on the ground of non-support and cruelty. They were married in Salt Lake, Nov. 29, 1877. The wife also asks for the custody of three minor children.

Judge Lewis yesterday rendered judgment by stipulation in favor of the F. P. Smith Wire & Iron Works company against J. H. Bowman and Fred Hodder for \$1,960.73. The action was brought to recover for material furnished in the construction of one of the buildings at the State Agricultural college at Logan.

GARDNER DAILY STORE NEWS.

It has been said that "it is the little things that count."

Which is certainly true in the little matters of dress.

The good appearance of a well-chosen, well-fitting suit can be well-nigh ruined by a hurried or careless selection of some of the smaller things which go to make up the dressed man.

The shirt should be right, the collar should be right, the tie should be right—right in style, fit and fabric.

If you get it here it will be right, whether the cheapest or of the best, the same careful consideration being given to every purchase.

The better choosing is now—stocks were never more complete nor styles more inviting.
